

New Nursing Course Will Begin Here

The fifth in a series of Red Cross home nursing courses started here since Jan. 1 is scheduled to commence Feb. 4, Mrs. Harry Colley, home nursing chairman, has announced.

The instruction, consisting of seven two-hour class meetings, will be held from 1 to 3 p. m. on Mondays, Wednesdays and Fridays. Mrs. E. S. Dockery will teach the class.

Mrs. J. E. McSpadden, home and family life chairman for the PTA City Council, has urged that all PTA members who can enroll in the new class do so as soon as possible so that home and family life credits may be received for the instruction at the Spring PTA conference.

The class will be limited to 12 students. Prospective members may register by calling Mrs. Paul Lowke, registration chairman, at Phone 140.

Members of the other four classes currently being conducted have found practical use for their home nursing training during the recent influenza epidemic, Mrs. Colley says. Students have been high in their praise of the instruction, she states.

All classes now under way are scheduled to end early in February.

Tax Payments Mounting Here

Poll tax payments climbed over the 5,000 mark here Tuesday and the final two-day rush is expected to swell payments to near the 6,500 estimated voting strength.

Tax Collector and Assessor J. R. Huie announced Tuesday that 3,898 persons had purchased poll tax receipts and that 1,149 exemptions had been issued for a grand total of 5,047.

Monday and Tuesday business was brisk at the tax office in the courthouse. Over 100 persons had paid poll tax Tuesday morning. The Monday total was 232 paid and over 100 exemptions for one of the largest days since payments started.

The 5,047 total is only 336 short of the 5,383 poll tax payments made in 1948, the last presidential election year.

DRAFT CALL ANNOUNCED

Austin, Jan. 29. (AP)—A draft call for 1,858 Texans in March was announced today by State Selective Service. The figure compares with 2,027 for February and 1,471 for January. Only men 20 or older will be used to fill the March call.

Contempt Proceedings Are Started Against Grunewald

Washington, Jan. 29. (AP)—A House ways and means subcommittee today started contempt proceedings against Henry W. Grunewald and his attorney William Power Maloney.

The action came after Maloney was forcibly removed from a committee hearing and Grunewald, sometimes called "the Dutchman," then refused to answer a single question put by the House tax scandal investigators.

Maloney was ousted for shouting repeated objections to the subcommittee's efforts to make Grunewald give answers.

The investigators wanted to find out what, if anything, Grunewald knew about a purported \$500,000 tax shakedown attempt against Chicago lawyer Abraham Teitelbaum.

Grunewald, a kind of "mystery man" about town, refused in four previous appearances to answer questions. And today Maloney, as his lawyer, advised him in shouting, arm waving fashion to follow the same course.

Chairman King (D-Calif.) several times ordered the lawyer to

Highway Patrol Is Kept Busy

Two automobile wrecks and a "hotrod" speedster kept Highway Patrol officers busy late Monday and Tuesday morning.

At 7:45 p. m. Monday, a 1951 Nash driven by J. H. McDougal and a Chevrolet pick up driven by Henry Dodson collided eight miles north of Vernon on Highway 283.

Damage to both vehicles was extensive, the officers reported. Both drivers were given first aid treatment at a local hospital and released.

At 5:15 a. m. Tuesday, Kenneth Waddell, Amarillo airman, went to sleep while driving and his car left the road, turning over several times. The accident occurred nine miles west of Vernon on Highway 287. The car was demolished. Waddell was not injured.

A 1950 Buick, driven by a San Antonio man, forced a car off the road three miles west of Iowa Park, causing a collision and then did not halt, according to officers.

Some 20 minutes later the car was stopped in Vernon by Officers Stinnett and Nelson. They said that he was clocked at 90 miles per hour coming into town. They figured that it was about 35 miles back to the scene of the accident.

Charges were filed against the man here and then he was returned to Wichita Falls to face charges there.

CHIEF DIES

Muskogee, Okla., Jan. 29. (AP)—The chief of the Cherokee Indian Nation, Levi B. Gritts, died in a Claremore hospital Sunday and services will be held here at an undisclosed time, his family said yesterday. Gritts was 78. The colorful Cherokee had led the historic Kee-Too-Wahs Indian tribes more than 50 years and was one of the leaders in the bitter fight against allotment of Cherokee lands before statehood.

BACK IN CAPITAL

Orlando, Fla., Jan. 29. (AP)—Sen. Robert A. Taft flew to Washington today after a one-day tour of Florida where he made three speeches and held two press conferences.

be quiet, and finally ordered capital police to eject him.

Grunewald has contended from the first that he has a constitutional right to remain silent.

King told him at the outset today, however:

"In my opinion your refusal to answer the simplest questions can only be viewed as contempt of the Congress."

Maloney hotly objected to what he called "this sermonizing by the chairman."

Under the rules of House committees, witnesses may have counsel to advise them privately, but the attorneys have no official standing with the committee.

In hearings later last year Grunewald was said by Charles Oliphant, resigned chief counsel for the Internal Revenue Bureau, to have expressed an interest in Teitelbaum's tax troubles and to have asked Oliphant not to tell investigators about his inquiries.

Teitelbaum had testified previously that two men offered to "fix" his tax troubles, through their alleged contacts with high Washington officials, if he would pay them \$500,000.

Attorney General's Office To Be Investigated by Committee

Ousted Collector Of Taxes Is Given Prison Sentence

Delaney Gets Two Years and Is Fined \$10,500 on Charges.

Boston, Jan. 29. (AP)—Denis W. Delaney, ousted collector of internal revenue for Massachusetts, was sentenced today to two years' imprisonment and fined \$10,500 on convictions of receiving \$7,500 in bribes and falsifying that \$180,000 in tax liens had been satisfied.

Federal Judge Charles E. Wyzanski Jr. sentenced Delaney to two years in prison on each of three counts in an indictment which charged he received \$7,500 to influence tax decisions. The court ordered that the terms be served concurrently.

He also fined Delaney \$2,500 on each count—the amounts he was accused of soliciting and receiving.

The sentence also included disqualification of Delaney to "hold any position of honor and profit" in the U. S. government.

Judge Wyzanski said he had no alternative but to pronounce sentence on a second indictment under which Delaney was convicted in the counts of falsifying tax liens, although he said to Delaney:

"In my view it is quite different and shows you received no advantage of any kind for signing these false certificates or that the government was damaged in any way."

He went on to fine Delaney the minimum of \$1,000 on each of these counts and to sentence him to six months on each count, the sentences to be served concurrently with the other sentences.

He then suspended the six months' sentences.

Texas Drouth Is Spreading Wider

(By The Associated Press)

Texas' months-old drouth moved into town Tuesday with city folks joining their country neighbors in looking vainly for rain-bearing clouds.

The long dry spell which has had farmers and ranchers worried for more than a year was brought home to retailers yesterday by a speaker in Dallas.

L. P. Nolen, Seymour, told a meeting of hardware and implement dealers that "if there isn't enough rain to make good crops, the farmers won't have any money to buy merchandise."

It followed that if the retailers couldn't turn their stocks, the wholesalers and manufacturers would be hard up. No business or industry, the city folks realized, was entirely self-sufficient.

Already cotton planting in some southern sections of the state had been delayed. Disaster faced the rural regions.

The forecast for Monday and Tuesday: "Fair to partly cloudy with temperatures generally warmer over Texas."

Pastures were drier than in years. Sub-surface moisture was practically nil. Surface moisture was gone. What rains fell—a drizzle here and a shower there—quickly evaporated in searing winds or was soaked up by a thirsty earth.

Wells were at their lowest levels in some old-timers' memories. Reservoirs in some Texas cities were at all-time low marks. Rivers had become mere creeks; creeks were dry.

One fortunate spot Monday had rain—Beaumont with .11 of an inch.

TWO PERSONS FINED

Two persons were fined Tuesday by Justice of the Peace G. L. Robinson. A local man paid a \$19 fine for speeding and an Oklahoma woman paid a \$10 fine for insufficient lights on an automobile.

FREE ON BOND

Brownwood, Jan. 29. (AP)—J. M. Flowers was free on \$2,000 bond today after being charged with murder yesterday in the death of Emanuel J. Teel, 77. Police Chief Jack Pike said Teel's head struck a sidewalk Sunday night during a fight. Teel died later in a Brownwood hospital.

Communists Hint That Red China May Wash Its Hands Of Korean Armistice Deal

Munsan, Korea, Jan. 29. (AP)—The Communists hinted today Red China would wash its hands of direct participation in administering a Korean armistice.

The hint was cryptic and indirect. It came during a meeting of staff officers on truce supervision at which the U. N. Command reported "progress was being made."

In another truce meeting, however, Reds flatly rejected an Allied plan for exchanging prisoners. The Communists were promptly told they "must contribute something" if an agreement is to be reached.

The Chinese hands-off hint was made by a North Korean during discussion of an 18-page U. N. program for supervising the truce. The Allied plan provided that civil administration of the Red half of a demilitarized zone would "be the joint responsibility of the supreme commander of the Korean Peoples Army and the commander of the Chinese People's Volunteers."

More Bodies Are Found in Fire Ruins

Cairo, Jan. 29. (AP)—Five more bodies were found in the ruins of the British Turf Club and Shepherd's Hotel today, high police sources said, bringing to at least 67 to total dead in Saturday's rioting and burning by mobs.

Fire brigades still played hoses on smoldering ruins of some fires. Flames still welled flaring from Shepherd's.

There were no reports yet that any Americans were casualties.

Business sources estimated fire losses at more than 100 million pounds (288 million dollars).

Cairo, still under martial law, was quiet.

Strong squads of soldiers and police kept up a patrol of the streets, where charred debris from the dozens of fires still lay untouched. Barbed wire barriers kept crowds back from major damage areas. Tanks and armored cars patrolled the streets.

Last night's 9 p. m. to 6 a. m. curfew was effective everywhere. Soldiers with rifles at the ready sharply challenged anyone abroad.

Leading newspapers meanwhile underlined the view that Egypt's new premier Aly Maher Pasha will keep majority support in Parliament only if he follows up the old government's widely popular drive to oust British troops from the Suez and united the Sudan with Egypt.

Al Misri, paper of the Wafd party, said the Wafd majority which dominates Parliament will decide its future attitude toward Maher Pasha's military government "in the light of Egypt's national demands."

Parliament approved the new non-party cabinet last night with only one dissenting ballot and voted to keep martial law in force for the next two months.

King Farouk had ousted Wafdist premier Mustapha Nahas Pasha and installed Maher Pasha after unchecked mobs rioted and set fires through Cairo Saturday.

SUIT FILED

Austin, Jan. 29. (AP)—A suit for \$26,533.89 in alleged delinquent taxes was filed by Atty.-Gen. Price Daniel today against the Texas Co. The suit claimed the Texas Co. was delinquent in payment of occupation taxes on natural gas gathered by the company in Texas from Jan. 1945 to Sept. 1, 1951. The \$26,533 includes allegedly delinquent taxes, penalties, interest and an auditing fee.

OFFICER NAMED

Paris, Jan. 29. (AP)—Robert McWhirter, Tyler, FBI agent for ten years, has been named vice president and trust officer of the First National Bank here, R. C. Adams, Jr., bank president, announced today. McWhirter will take his new post March 1. A native of Greenville, he has been stationed with the FBI in Dallas, Paris, Tyler and other places.

NEW PRESIDENT

Austin, Jan. 29. (AP)—Dr. J. M. Perry, San Benito, is the new president of the Texas State Board of Naturopathic Examiners. Other officers elected here were Dr. J. G. W. Shepard, Houston, vice president; Dr. Henry Schlitching, Jr., Midland, secretary.

North Korean Col. Chang Chun San, principal Red staff officer, asked that the word "joint" and the phrase "commander of the Chinese People's Volunteers" be stricken. This would leave administration of the area exclusively in the hands of North Koreans.

Brig. Gen. William P. Nuckols, U. N. Command spokesman, commented "if this is an indication" the Chinese don't want to have anything to do with administering an armistice "it is the first time to my knowledge."

There was no implication that the Chinese considered withdrawing their troops during an armistice.

The Reds tentatively agreed to the first 12 paragraphs of the 54-paragraph Allied draft. But they raised objections to the 13th, the last considered before they adjourned for the day.

Reds protested proposed rotation of 75,000 U. N. troops a month during the armistice. The Communists said they were astonished at the figure. Reds originally had objected to any rotation but later agreed to 5,000 a month.

Nuckols cautioned against optimism over the work of staff officers.

"The items discussed today and on which tentative agreement was expressed are largely non-controversial," he said.

Draft Board Office Is in New Location

Offices of the three-county Selective Service Local Board 131 in Vernon have been moved to a new location, according to an announcement made Tuesday.

The offices, formerly located in the Staley building on Marshall Street are now located on the second floor of the courthouse, east end of the hall.

All Selective Service business for Wilbarger, Foard and Hardeman counties will be carried on there in the future.

Tighter Price Controls Asked

Miami Beach, Fla., Jan. 29. (AP)—The executive council of the American Federation of Labor wants tightened price controls, fiscal reforms, higher production and more attractive savings programs.

AFL President William Green and the 15-man council opened the annual mid-Winter conference yesterday with a statement setting forth these recommendations:

"The patience of American workers is being exhausted by government-encouraged profiteering which undermines their standard of living," the statement said.

"Wages cannot be stabilized until the cost of living is stabilized. It is obvious by now that prices cannot be stabilized under the tragically inadequate control provisions of the present defense production act," it added.

The statement said tightened price controls mean "hard-and-fast, dollars-and-cents ceilings" and "should include authority for price rollbacks in aggravated cases."

No Action Planned On Segregation Issue

Austin, Jan. 29. (AP)—State Education Commissioner J. W. Edgar said today neither the State School Board nor his staff has discussed what would be done if the U. S. Supreme Court strikes down racial segregation in public schools.

The Supreme Court yesterday temporarily voided a South Carolina Court ruling which approved that state's segregated schools. The lower court was asked to consider what steps have been taken to provide schools of equal quality for Negroes.

Asked what he thought would be done in Texas if the Supreme Court eventually prohibits segregation, Edgar said:

"We haven't given any thought to that possibility. We would be guided by whatever policy the Legislature might set on it. Neither the state board nor staff has discussed the matter."

Stage Is Set for Mothers Polio March in Vernon

County Will Try to Beat Its Record of Last Year in Drive.

Wilbarger County will be trying to better its 1951 mark of 62 cents per capita when the "Mothers March on Polio" drive opens here Thursday night.

The 62 cents per capita donations of last year gave the county one of the best records of any county in the State, as far as per capita donations were concerned.

Sirens will announce the start of the drive Thursday at 7 p. m. The drive will last an hour and any person who is missed in that time is urged to call 1548, Polio Headquarters, or Radio Station KVWC and a car will be dispatched to pick up the donation.

A porch light turned on will be the symbol of donation for each house. The drive is sponsored by the Business and Professional Womens Club, who will be assisted by the Junior Chamber of Commerce, the Vernon Police Department and other organizations.

A film, "Mothers March on Polio," was shown to all drive workers and other interested parties Tuesday morning at the Vernon Theater.

Mrs. George Hampton, drive captain, said that all plans had been completed for the Thursday night drive.

Fifty per cent of the money gathered here will go to the national foundation and the other 50 per cent will remain in the county for local use.

Russians Point To Burma Action

Paris, Jan. 29. (AP)—The Soviet Union charged today that under the direction of two American generals there is being built up in Burma a Chinese Nationalist "shock force, armed to the teeth, which at any moment can provoke aggression."

The U. S. has repeatedly denied similar charges, previously raised by Chinese Communists.

Jacob Malik, Soviet delegate at the UN, made the new charge. The U. S. had just formally denied it had aided Chiang Kai-Shek's Nationalists in Burma and implied it would not do so.

Malik said seven American colonels and 27 American majors were attached to the Chinese Nationalist troops which took refuge in Burma from Yunnan Province after the fall of the Nationalists.

The Chinese Communist radio at Peiping made an almost identical charge Dec. 26. The U. S. rejected this charge and the followup charges by the Soviet Union, and said that on the contrary the U. S. was trying to help Burma solve the problem of the Nationalists there by pressuring Chiang Kai-Shek to disarm them.

The Burma Government announced the presence of Chinese Nationalists in Burma as long ago as last May.

Last July a Chinese Nationalist force actually struck across the border into Red China from Burma, seizing a 100-mile frontier strip in Yunnan Province in a small-scale penetration. Some sources said the force numbered 15,000 regulars.

In Rangoon, the Burma Government today denied a report that it had launched a campaign against Chinese Nationalist forces near the frontier.

In today's debate, before Malik spoke, U. S. delegate John Sherman Cooper asked the Soviets if their charges of U. S. interference in Southeast Asia meant the U. S. S. R. was actually planning aggression in the area herself. He denied "categorically and specifically" Soviet charges of U. S. activity with the Nationalists in Burma.

GOT THE NEWS

Minden, Nev., Jan. 29. (AP)—The mail didn't get through to snow-bound Lake Tahoe residents for quite a period but they still got the news. John Doherty, co-publisher of the weekly Lake Tahoe News, said today he air-dropped 1,800 copies of the paper to isolated areas. Subscribers telephoned that was the first new reading matter received in two weeks.

Eden Seeking Agreement on Suez Defense

Says Accord Should Meet Egyptian Desires So Far as Possible.

London, Jan. 29. (AP)—Foreign Secretary Anthony Eden said today Britain wants to reach agreement on defense of the Suez Canal Zone which "would meet Egyptian aspirations."

The foreign secretary told the House of Commons Britain's offer to negotiate with Egypt still stands.

"I have always believed that it should be possible to find a solution of the differences between this country and Egypt which satisfies the legitimate national aspirations of the Egyptian people, and at the same time does not jeopardize the security of the free world," Eden said.

Eden came to the House of Commons from a cabinet meeting presided over by Prime Minister Churchill and devoted to the grave situation in Egypt.

A new premier has been appointed in Cairo and there has been hope Egypt and Britain can get together and reconcile their bitter differences over the Suez Canal and the Anglo-Egyptian Sudan. King Farouk named Aly Maher Pasha as premier following the wild rioting in Cairo Saturday that claimed at least 67 lives, eight of them British.

Sentence in Theft Case Is Suspended

K. I. Davenport was found guilty on charges of theft by false pretext in 46th Judicial Court Monday night and was given a five-year suspended sentence.

The jury deliberated about three hours in returning the verdict. Davenport was charged with giving a worthless check of \$810 in payment for repairs to his automobile.

Other court action Tuesday reported by District Attorney Leon Douglas included the following:

Johnny Leroy Davis, 23-year-old Negro, given a three-year suspended sentence for forgery of an \$18 check.

Lemon Jefferson, Negro, given two years in the state penitentiary on charges of burglary.

Sarah Stillwell, Negro female, given five years in the state penitentiary on charges of theft of a watch. Judge Jesse Owens now considering application for probation of sentence in case.

Gambler Facing Tax Indictment

Washington, Jan. 29. (AP)—Attorney General McGrath today announced a Federal income tax indictment against Samuel R. Beard, Washington, described by U. S. officials as one of the largest gambling operators on the Atlantic Seaboard.

The indictment, McGrath said, was returned early this afternoon by a Federal grand jury in Baltimore. It was filed before U. S. Judge William C. Coleman there, charging Beard with a tax delinquency of more than \$1,600,000.

The jury charged the wealthy Beard, once a big pickle manufacturer, with wilful attempt to evade income taxes in 1945, 1946 and 1947.

He was previously accused in a criminal information, filed in Baltimore last year, with wilful evasion of nearly \$500,000 of income taxes for the year 1944.

At the time, tax liens of more than four million dollars were placed against his extensive properties in the District of Columbia and Maryland. That case is still pending.

In 1933 Beard was convicted of criminal evasion of taxes for years prior to 1931 and was sentenced to 18 months' imprisonment. He served his time at the Atlanta Penitentiary.

TO TRANSFER PLANES

Frankfurt, Germany, Jan. 29. (AP)—Maj. Gen. Dean C. Strothers said today the U. S. 12th Air Force will transfer most of its tactical planes to France because German airfields along the Iron Curtain "don't have enough elbow room."

Probe Is Ordered By House Panel At Monday Meet

Justice Department Will Also Come Under Inquiry of Committee.

Washington, Jan. 29. (AP)—The House judiciary committee today ordered an investigation of the administration of the Justice Department and the office of Atty.-Gen. J. Howard McGrath.

The investigation will be made by seven members of the committee, four Democrats and three Republicans, to be designated by Chairman Celler (D-NY).

It was ordered at a closed session of the committee and by a vote members would not disclose. Republicans had urged that the inquiry be ordered as a followup to disclosures of government tax scandals.

President Truman has designated McGrath himself to direct a cleanup drive against corruption in government.

The resolution adopted by the committee requires no further action by the House. It stipulates that the investigation be "non-political" and be confined to "credible" testimony, not to mere suspicion.

Another House committee, a subcommittee of the ways and means group headed by Rep. King (D-Calif.), already is investigating the Internal Revenue Bureau.

Disclosures of scandals through King subcommittee hearings led to demands for a more widespread inquiry into the entire Justice department.

Rep. Keating (R-NY) sponsored the resolution to investigate McGrath and his department.

Belcher Funeral Rites Scheduled

Graveside rites for R. J. Belcher, former Wilbarger County school teacher and druggist, were slated here at 5 p. m. Tuesday in East View Memorial Park following funeral services at 1 p. m. in Ralls.

Mr. Belcher, 68, a druggist in Ralls for the past several years, died of heart attack Saturday in his home there. He was a member of the First Baptist Church at Ralls, a Shriner and a member of the Masonic Lodge.

Survivors in Vernon include a brother, Bert Belcher, and a sister, Mrs. Frank Ballard.

Henderson Funeral Home was in charge of arrangements here.

Loomis Funeral Held At El Reno Tuesday

Funeral services for Mrs. F. E. Loomis, 74, were held at 2:30 p. m. Tuesday in El Reno, Okla.

Mrs. Loomis, the mother of Mrs. Joe Shipman and Mrs. Ray Olive of Vernon, died Saturday in the home of another daughter in Brownsville.

She had made her home here with Dr. and Mrs. Shipman for about two years until she moved to Brownsville a month ago. She had been a resident of El Reno for 25 years before coming to Vernon. Burial was at El Reno.

South Koreans Visiting Show

Fort Worth, Jan. 29. (AP)—More than 100 South Korean officers, students of field artillery at Fort Sill, Okla., were expected at the 1952 Southwestern Exposition and Fat Stock Show today.

An action-jammed livestock judging schedule yesterday was dominated by selection of champions. The champions are scheduled to go on sale at auction Friday morning.

The grand champion steer of the show for the second straight year was an Aberdeen-Angus. The prize winner, a 1,445-pounder, is the property of W. C. Anderson & Son, West Liberty, Iowa.

Reserve champion steer was a 1,000-pound Hereford, shown by Joe Willis, Ector County 4-H Club member.

In Hereford breeding cattle, the grand champion bull was MW Prince Larry 62nd, shown by the Milky Way Hereford Ranch, Phoenix, Ariz. The bull, which won at Denver last week and at Denver a year ago, was sold last Summer to Roy A. Kropp of Grays Lake, Ill., and Jack Hawley of Minneapolis for \$50,000 but Milky Way retained show rights through the Fort Worth show.

Grand champion of the boys' pig show was a Hampshire shown by Johnny Younts of the Waco State Home Future Farmers of America. The reserve champion of the show was a Chester White, shown by Jack Acker, Nazareth 4-H Club member.

Society Man, owned by Jack Spillman, Raymond McGowan and Polly McGowan, Dallas, was judged the grand champion pleasure type Palomino stallion, and Golden Glory S., owned by G. W. Sams, Fort Worth, was the champion stock horse Palomino stallion, and Wilson's Lady, owned by Glen L. Casey, Amarillo, was champion mare of the division.

Three Houston Doctors Charged

Austin, Jan. 29. (AP)—Three Houston doctors were indicted on charges on income tax evasion yesterday by a federal grand jury. A Raymondville trucking operator was indicted for failure to file income tax returns for 1948 and 1949 and for transportation tax evasion in 1949.

Indicted were Dr. Daniel E. Bruhl, physician and surgeon; Dr. Walter E. Lipscomb and Dr. Ott L. Voigt, dentists and partners, all of Houston, and Lowell W. Cole, Raymondville.

The doctors were accused of paying income tax totaling only \$8,772 instead of \$23,112 which the Government figured they owed for various years as far back as 1945.

Dr. Bruhl was charged with income tax evasion for 1946 and 1947.

Dr. Lipscomb was charged with income tax evasion for 1945, 1946, 1947 and 1948. He also was charged with causing his wife to file false returns in 1946 and 1947.

Dr. Voigt was charged with income tax evasion for 1946, 1947 and 1948 and with causing his wife to file false returns in 1946 and 1947.

Bond of \$5,000 was set for each of the Houston men. Bond of \$500 on each of two indictments was set for Cole.

Campaign plans for the \$130,000 building fund drive of the Central Christian Church are now being formulated and several meetings have been held as well as the appointment of committees, according to an announcement made Monday night by Hollis Miller, general chairman of the campaign.

Present plans call for a kickoff dinner on February 17 where campaign plans will be furthered along with instructions for the drive. The actual solicitation period will follow that dinner for about a week, Mr. Miller said. Between now and February 17, various committees will be at work to develop the final plans of the fund drive. The local church plans to construct a new sanctuary and increase its educational and social facilities.

Committees have been appointed to handle all phases of the campaign. The committees met Monday night in a mass meeting to hear the plans developed by the steering committee for the drive. The meeting was conducted by Mr. Miller and the pastor, Rev. Kenneth L. Teegarden.

The committees include: Steering Committee: Hollis Miller, Jim Geer, Judge Green, Evans Mason, H. A. McCarty, David Nowlin and Joe Parr. Budget Committee: Albert Littlefield, Jack C. Creager, and A. District Program At Midwestern Planned by PTA

A special program for the Thirtieth District Parent-Teacher Association will be held at Midwestern University in Wichita Falls, on Monday, Feb. 4.

Mrs. Ellen Dell Bieler, national representative, will present two talks during the day. She will speak to students in the university's Department of Education from 9:30 to 11:30 a. m., and all P. T. A. members are invited to attend.

Mrs. Bieler will speak to P. T. A. members from 1:30 to 3:30 that afternoon. The topics which will be discussed include:

1. What home and school co-operation means.
2. Methods of establishing good working relationships between the teacher, the school principal, the school superintendent, the Board of Education, colleges and the Texas Congress of Parents and Teachers in all of its divisions.
3. Projects and Parent-Teacher leadership.
4. Modern trends in education.

At the noon hour a luncheon will be given at Midwestern University for all P. T. A. members. A program of entertainment is being planned for the luncheon, and reservations should be made by Friday, Feb. 1. Requests for reservations and money should be sent to B. M. Dinsmore, Court-house, Wichita Falls, Texas. Mr. Dinsmore is a State P. T. A. vice president.

Mrs. Therle Wall of Quanah, district vice president, in announcing this educational program, has urged all P. T. A. members and others who are interested to attend.

Everett J. Hilty Recital Tonight At Local Church

Everett Jay Hilty, member of the Colorado University faculty and nationally known concert organist, will be heard tonight in an organ recital at the First Methodist Church. This concert, which is scheduled to begin at 7:30, has been made possible by a group of patrons.

Mr. Hilty is widely known as an authority on church music and is to be lecturer-recitalist at the national convention of the American Guild of Organists this Summer in San Francisco.

The well-rounded program chosen for this evening's concert is representative of Mr. Hilty's broad background and knowledge of all styles of organ literature.

The nursery at the church will be open for the convenience of parents attending the recital.

Mothers March at Wichita Falls Tonight

Wichita Falls, Jan. 29. (AP)—Wichita Falls mothers who will make a march against polio tonight have challenged mothers in other Texas cities to a fund-raising contest.

The best collectors will be judged on a population basis.

Groups of mothers in Dallas and Houston have accepted the challenge, and a reply was expected from Fort Worth.

The mothers will call for donations at homes where porch lights are left burning tonight.

They are the fifth heaviest twins born, according to American Medical Journal records. The proud parents, DP's from Poland, have two other children, boys four and six years old, born in Germany.

Tobey Criticizes MacArthur Remarks

Washington, Jan. 29. (AP)—Senator Tobey, Republican, New Hampshire, today labelled remarks by General MacArthur calling for experienced civil leadership a "left-handed slap" at General Eisenhower but said they "won't keep Ike from being elected President."

Senator Brewster, Republican, Maine, interpreted MacArthur's remarks as a strong indication of his support of Senator Taft of Ohio for the Republican presidential nomination.

Tobey is backing Eisenhower for the GOP nomination. Brewster is a Taft supporter.

They commented in separate interviews on MacArthur's statement yesterday that in selecting a national leader the voters face a demand for a man with demonstrated capability in "the science of civil government."

MacArthur made the statement in a letter to New Hampshire supporters asking that his name be withdrawn from the State's March 11 presidential primary, the first in the nation this year.

PEACETIME BUDGET

Washington, Jan. 29. (AP)—Representative Mahon, Democrat, Texas, chairman of the House Military Appropriations Subcommittee, said today the 1953 defense budget "is predicated on the assumption we will not be in an all-out war the next two years."

IN BEST CONDITION

Dallas, Jan. 29. (AP)—The farmers of the United States are in the best financial condition in history, hardware and implement dealers were told yesterday. Dave Livingston, speaking before the Texas Hardware and Implement Dealers Association, said U. S. farmers owed their creditors 12 billion dollars before World War II. That figure has been cut in half, the Washington, Iowa, speaker said, and now the farmers have 18 billion dollars in the banks.

Manila, Jan. 29. (AP)—Three earthquakes were felt in Central Philippines today but no damage was reported.

Tax Money Held For Vernonites

The Department of Internal Revenue at Dallas has listed another Vernon resident among those that agency seeks in order to make tax refunds.

R. Johnson, with no other address available except Vernon, is listed as one of those persons having a refund of more than \$50 waiting to be claimed.

Bob Reed of Vernon was informed Sunday that he has a refund of more than \$100 being held at the Dallas office.

The Dallas office said that thousands of dollars in income tax refunds are held there because persons making returns can not be found.

Mr. Reed said he has been in Vernon ever since he made the return in question, ten years ago. "They had no trouble finding me each year when it came time for me to pay my income tax," Reed said. "Of course, I guess they didn't look quite so hard when they owed me money."

It's Loaded—So Be Careful!

Before you drive the Golden Anniversary Cadillac, there is one thing we should like to impress upon you: It's loaded—so be careful!

There's more power in that dynamic engine than you'll ever need—except for the rarest emergency. And it should never, never be used for dramatic display on the get-away.

If somebody else wants the honors when the light turns green—let 'em go. You don't have to prove anything, anyway.

But that great power works for you—even

when you're not unleashing it to the limit.

It works for you as a reserve—and gives you that easy, quiet, flowing ride which makes a Cadillac such a joy to own and such a thrill to drive...

It gives you that slow-moving engine—that simply *loafs* at all legal speeds—and which is a literal Methuselah when it comes to long life...

And it is a primary reason for that unbelievably low upkeep expense, at which Cadillac owners never cease to marvel. Some fleet owners have found, for instance, that Cadillacs cost less to maintain than any other cars they have ever used. And the

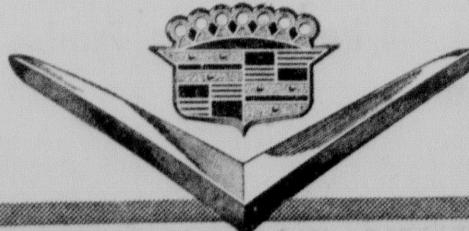

easy-going engine, that *never* operates under strain, is a big factor in this economy.

Yes—Cadillac's great power works for you—and is *necessary*—and is one of the vital reasons why Cadillac's performance is so outstandingly different.

But we trust that no Cadillac owner will ever use it for dominating the highway. To do so is not only counter to the rules of safety—but is not in keeping with the graciousness the motoring public has come to expect from the person at the wheel of a Cadillac.

Have you seen this great Golden Anniversary creation? If not, we should be pleased to welcome you to our showrooms.

Off the Record

By Bill Werley Sports Editor

The School Board will hold personal interviews for four prospective head coach candidates here on Friday. The interviews will start at 2 p. m. and each man will be allotted two hours.

It was pointed out that the interviews were not specifically scheduled with the idea of naming one of the four to the position, but of course such an eventuality is not impossible.

There has been a total of 32 applications for the job. These 32 applications have been screened down to seven and the four men to be interviewed came from the seven.

Once again it does not mean that the other 25 applicants have been ruled out. It just means that the School Board has screened the applicants down to the most likely seven.

"We haven't closed the gate on anyone yet," is the way one member phrased it.

Someone asked us the other day why the names of the candidates had not been published.

Here is why:

The great majority of the men who have applied for the jobs are now employed in other coaching positions. They apply here with the thought that if this job fails to materialize they will always have the one in which they are now employed to provide board and keep for themselves and their families.

Now if the names of each applicant were published, the school at which an applicant might now work might not take it so well if they discovered that he was seeking brighter pastures.

In other words, not publishing the names is a favor for the applicants. Coaching is a hazardous business without adding any pitfalls.

Alexander Named For Sports Award

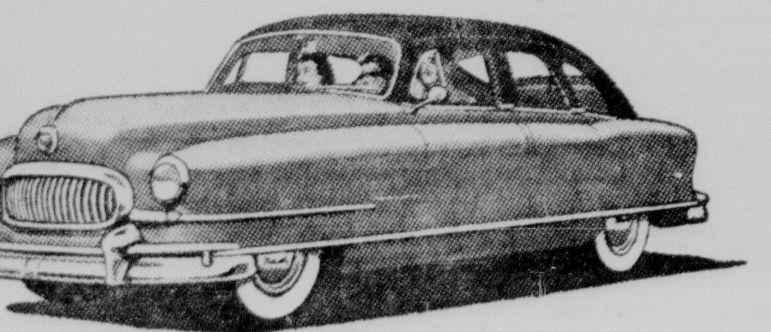

Philadelphia, Jan. 29. (AP)—Stewie Alexander, who fought his way back to the golfing tournament after 17 major operations for injuries suffered in a plane crash, was honored last night at the 48th annual writers' dinner.

Also feted with roast beef and trophies were Princeton's great halfback, Dick Kazmaier, the "athlete of the year," and Bob Ward, Maryland tackle, "the line-man of the year."

His face lined with scars and his fingers, which once controlled some of golf's best shotmaking, still bent and bruised, Alexander told some 1,300 diners that he owed part of his recovery to letters and telegrams of encouragement from people all over the nation. "It was sort of borrowed courage," he said.

Lions, Lamesa Idle in 1-AAA Action Tonight

Lions Begin Road Journey On Thursday

The Vernon Lions and the Lamesa Tornados will be idle in 1-AAA cage action tonight, but the other four teams of the loop have scheduled games.

Midland, currently tied with Big Spring in the runner-up position, journeys to Sweetwater to take on the winless Mustangs and Plainview travels to Big Spring.

The Lions will travel to Lamesa Thursday for a game with the pace-setting Tornados. They will go to Midland Friday night to tackle the Bulldogs and end first half play. The Lions do not have

Two scrimmage sessions are on tap for the local gym tonight. The B Squad will scrimmage the Ninth Grade Junior Maroon cagers at 7 o'clock.

The Lions will scrimmage a group of Exes starting at 8 o'clock. There will be no charge for the scrimmage games.

another home game until Feb. 15 in 1-AAA play.

The Lions, in composing an 8-6 record, have scored 533 points to 493 for the opposition. Of the losses, two have been by two points and two have been overtime losses, one by a single point.

Biggest margin of victory was run up by Olney who won 38-24. The Lions have averaged 38 points per game to 35.2 for the opposition.

Ramon Towry leads the scorers for the season, followed by Lester Dye and James Tull. Towry has notched 134 points in 14 ball games for a 9.5 average. Dye has 113 in 14 games and Tull 110 in the same number. Jerry Thomas has 74 points, Gordie Harvey 47 points, Jack Bolton 17, Phillip Dillon 18, Eugene Reynolds 8, James Luttrell 6, and Cris Krebs and John Milner 2 each.

Preliminaries Are Slated In Tucson Golf Tourney

Tucson, Ariz., Jan. 29. (AP)—Two preliminaries to the \$10,000 Tucson Open golf tournament get under way here today.

A field of 155 of the game's lesser known players will tee off in an 18-hole qualifying battle for the 60 odd places still available in the meet.

And the first section of the annual pro-amateur tourney will tour the flat 6,402-yard par 70 El Rio Country Club layout where the tourney proper will start on Thursday.

Baylor Bears Will Open Spring Grid Practice Today

Waco, Jan. 29. (AP)—Head Coach George Sauer was not expected to be present today when the Baylor Bears begin Spring football practice.

Sauer, ill with pneumonia, has been released from the hospital but does not plan to return to his coaching duties until the latter part of the week.

Assistants Mike Michalske and Jack Wilson will send the Bears through their Spring drills for a few days.

Texas Cagers Top Sooners By 43 to 39

Austin, Jan. 29. (AP)—The University of Texas Longhorns defeated Oklahoma University's Sooners, 43-39, last night.

But the Longhorns had to come from behind the hustling young Oklahoma team to take their four-point victory. The score was tied eight times and lead changed hands eight times as the Sooners battled every step of the way.

It was the second win of the season for Texas over the Oklahoma quintet.

Pencil-shaped Ted Price, 6-8 Longhorn center, brought Texas back in the second half after Oklahoma jumped to a 26-22 half-time lead.

The first period had ended in a tie with Soph Center Bob Waller, a 6-6 picture of basketball smoothness, leading the Oklahoma attack.

Texas went into a stall with seven minutes to go in the last period and the score 38-35 in its favor. But Oklahoma tied the score and Don Klein and George Scaling of Texas chipped in field goals with 30 seconds to play to cinch the game.

Price's 15 points was high for the night. Waller had 11.

La Motta Loses Comeback Fight

Boston, Jan. 29. (AP)—Knockout beatings by champion Sugar Ray Robinson and Irish Bob Murphy appear to have taken a high toll on Jake La Motta, moping's famed bull of the Bronx.

After a five-months layoff, the ex-middleweight titlist returned to the ring wars last night and dropped a 10-round divided decision to Norman Hayes, Boston's 20-year-old Negro battler who has championship ambitions.

Jake, now 30, appeared fat and heavy-footed at 169½ pounds. He punched with all his oldtime reckless abandon but, against Hayes, who proved extremely easy to hit, Jake's blows seemed to lack their former zing.

La Motta, a 1-2 favorite with a 6½ pounds pull, lumbered after Hayes throughout.

The split decision caused considerable disapproval in the well packed crowd of 12,915 that provided gross gate receipts of \$40,398 and a "net" of \$31,645. La Motta's share was 30 per cent and Hayes' 22½.

EATS 14 HAMBURGERS

Houston, Jan. 29. (AP)—Glyn Farmer, 23, ate 14 hamburgers and collected a little over \$11.70 each for eating them. Farmer says he really earned the money . . . wouldn't have eaten another one yesterday for \$1,000. Farmer a few days ago had eaten a hamburger every time his fellow employees drank a beer. They ribbed him and made an offer to pay him a penny for the first and double the sum for every succeeding hamburger. He started eating hamburgers at noon yesterday and gave up a little after 3 p. m. The score: 14 hamburgers and \$163.89, 3.60.

Negro Stars Set For Dallas Team

Cleveland, Jan. 29. (AP)—The Cleveland Indians named three Negro players today who might play for their farm team at Dallas in the Class AA Texas League.

They are El Smith, 24, and Dave Pope, 26, both third basemen and outfielders and both now playing in the Puerto Rican League; and Dave Hoskins, 26, an outfielder and pitcher last season with Wilkes-Barre.

Smith had a .281 batting average for 25 games last year in the Class AAA Pacific Coast League. Pope batted .309 for the Class A Wilkes-Barre team. Hoskins batted .286 and in 60 innings of pitching had an earned run average of 3.60.

Final Pro Grid Transfer To Bring Team to Dallas

New York, Jan. 29. (AP)—Giles Miller, 31, the newest and youngest president in the National Football League, headed for Philadelphia today to complete the formalities of changing the New York Yanks to the Dallas Rangers.

The handsome Texas money-man is going into his new venture with the characteristic optimism of his State, but if things don't go any better than they did for Ted Collins, whose Yanks spent most of their career wallowing in red ink, he and his partners are prepared to throw as "much money as necessary" into the team.

"But," he added yesterday in his first meeting with the New York press and several of his fellow NFL moguls, "losing high school teams in Texas outdrew the Yanks last year."

He also cleared up another cloudy point regarding Buddy Young and a couple of other Negroes who played for the Yanks. Would they go to the Rangers? There had been speculation in Texas that they might be traded before the season starts.

Answered Miller.

"We have no intention of swapping them off. Naturally I can't say definitely that they will play any more than I can say definitely

ly that any other specific players

will play. I don't even have them under contract yet. You can be sure, though, that we're not going to let talent like that sit on the sidelines."

Actually, Miller is not the sole owner of the team. A syndicate of 16 persons is cut in, but the Miller family controls 25 per cent of the stock. Miller was the guiding hand behind the purchase, which has been in the works since last Fall. He contacted Collins on Jan. 5 and from then on developments came swiftly.

Miller said the Rangers have not decided on a coach yet, and for that matter, have not even talked to any of the eight candidates.

Jimmy Phelan, who mentored the Yanks last season, is one of the leading candidates, but he has seven other rivals named by Miller. They include Bob Neyland, Paul (Bear) Bryant, Sammy Baugh, Red Strader (Phelan's predecessor), Blair Cherry, Marty Bell and Curly Lambeau.

He said he expects to announce the appointment of one of them before the end of February.

Ty Cobb Supports Negroes in Sports

Menlo Park, Calif., Jan. 29. (AP)—Ty Cobb, fiery old time star of the diamond, stepped up to the plate today to clout a verbal home run in favor of Negroes in baseball.

Himself a native of the Deep South, Cobb voiced approval of the recent decision of the Dallas club to use Negro players if they came up to Texas League caliber. "Certainly it is O. K. for them to play," he said. "I see no reason in the world why we couldn't compete with colored athletes as long as they conduct themselves with politeness and gentility."

"Let me say also that no white man has the right to be less of a gentleman than a colored man. In my book that goes not only for baseball but in all walks of life."

"I like them (Negro race) personally. When I was little I had a colored mammy. I played with colored children."

Referring again to last week's developments in the Texas League, Cobb declared "it was bound to come." He meant the breaking down of baseball's racial barriers in the Old South.

Kentucky Named Top Cage Squad

New York, Jan. 29. (AP)—Kentucky climbed into the No. 1 spot in the weekly Associated Press basketball poll today—but the Wildcats had only narrow margins over Kansas State and Illinois.

Adolph Ruppe's Bluegrass quintet totaled 790 points to 755 for Kansas State and 745 for third place Illinois.

Dukes Eyeing First Perfect Cage Season

New York, Jan. 29. (AP)—Duquesne, one of the nation's two unbeaten collegiate basketball teams, is bucking a stiff jinx in its effort to finish the season with a perfect record.

For, over the past five years, Duquesne teams have started the season with juicy winning streaks, only to see them smashed to bits.

This, naturally, leaves only one question in mind: Will they escape that jinx this year and extend their winning streak, currently 12 straight, until it embraces the entire season?

Off their form of last night they might go all the way this time. They certainly looked like the real stuff in whipping Villanova, 83 to 61, and holding the Wildcats' big scorer, Larry Hennessy, to one point.

The No. 1 team in The Associated Press weekly poll, Kentucky, saw action last night, whipping Vanderbilt, 88 to 51.

Last week's top team, Illinois, drubbed Purdue, 84 to 57, for their fifth straight Big Ten victory.

In other leading games, Pittsburgh upset Notre Dame, 62-55; Iowa State turned back Nebraska, 78-72, in a Big Seven tilt; Texas downed Oklahoma, 43-39; South Carolina trimmed Georgia Tech, 67-58; Tennessee, nipped Georgia, 68-62, and Furman outlasted VMI, 80-76. In this latter game, Frank Selys, a sophomore, poured in 44 points for Furman. He netted 17 field goals and 10 fouls.

General Lutes Plans to Retire

San Antonio, Jan. 29. (AP)—A mammoth spectacle of modern military pageantry will end 35 years of soldiering tomorrow at Fort Sam Houston for Lt. Gen. Leroy Lutes.

The confidante of cabinet members, military leaders and the expert of supply and logistics will be accorded a 15-gun salute as he steps out of active military service on Arthur MacArthur Field. Included in the planned show of heraldry is a battalion of the First Armored Division, at Fort Hood, a four-gun firing battery from the First Armored Division, Headquarters Troops of Fourth Army, special Fourth Army troops, the Fourth Army band, the 25th Car Transportation, the 307th Military Battalion, and a medical battalion from Brooke Army Medical Center.

A reviewing stand draped with five state flags flanking "Old Glory" has been set up for Gen. Lutes and his party and local dignitaries. Besides the Lone Star flag of Texas, there will be the banners of Arkansas, Louisiana, Oklahoma and New Mexico, other states embracing the area of the Fourth Army, commanded by Gen. Lutes since October, 1949.

Fourteen companies of troops, with the band playing and colors flying, will be inspected by Gen. Lutes and their commander, Col. Eustis L. Poland, deputy post commander of Fort Sam Houston.

With the inspection finished, retirement orders for the general will be read, followed by his retirement address, a farewell to arms from a colorful and outstanding military figure.

Then the 15-gun salute will boom out. As the troops pass in review, the band will play "Crash On Artillery," an old Coast Artillery song, honoring the branch of service in which Gen. Lutes served.

Gen. Lutes, who has not announced his future plans, will be succeeded by Lt. Gen. William B. Hoge, recent commanding general of the IX Corps in Korea. Gen. Hoge is expected at Fourth Army Headquarters about Feb. 10.

Internationally known for his knowledge of supply and logistics, General Lutes was director of plans and operations, army service forces, during World War II.

'Coffee Break' Custom Is Spreading Among Industry

New York, Jan. 29. (AP)—Coffee, tea and soft drink men are always busy thinking up ways to bring more moments of cheer into your life—and more sales for their industries.

The Pan-American Coffee Bureau is as happy as anything today over what it considers evidence that "the coffee break" custom is spreading fast in factories and offices.

The Tea Bureau, Inc., with an eye on the nation's alarm at the growing traffic accident toll, is busy spreading the doctrine, "Drink Tea and See." It also holds to the somewhat forlorn hope that one day American businessmen will copy the Britons and take an afternoon break for tea.

And the soft drink men, as well as those peddling tea and coffee, are putting as many vending machines into business places as they can.

The coffee break is distinct from the coffee sneak, which has long been popular. The sneak is

the more or less winked-at custom of running over to the soda fountain across the street. The break is the formal time-out at the desk or within ear-shot of the phone.

When the Mutual Life Insurance Co. counted noses of its New York City employees leaving the office for a daily cup of coffee or tea, for a glass of Coke or juice, it found that about 800 of its 2,000 office workers took a coffee sneak each day. At 15 minutes each this added up to 12,000 working minutes daily, or a labor cost of \$130,000 a year, the company says. Now it wheels eight carts into the offices and serves the "second breakfast" of a hot drink and pastry at the workers' desks.

Even higher prices haven't quenched the office or factory workers' thirst for a non-intoxicating pick-up, according to men in the business. The National Coffee Association, in a preliminary estimate, says today that last year more than 2½ billion pounds of coffee were imported into this country. This was about 200 million pounds more than the year before.

The Tea Bureau reports tea imports of more than 84 million

pounds last year. This was down from 1950's booming total of 113 million pounds, the Bureau says, because there was scarce buying in 1950 when the West feared the Reds would cut off the tea-growing areas. But the Tea Bureau says that retail sales are currently on the upgrade.

The Pan-American Coffee Bureau announces today a coffee-break survey of 1,160 companies, of all sizes, in 45 States. The Bureau says that about 80 per cent of the firms it sampled started regular time-out sessions during the last ten years. More than a third of these started the formal breaks since the end of World War II.

The Bureau claims fine results—for the companies as well as for the coffee-producing firms. The Bureau represents. The Bureau says the survey shows these findings, as reported by the companies responding to its queries: Productivity increased 62 per cent of the firms establishing a formal time-out for refreshment. Morale improvement was reported by 75 per cent of the companies.

Employee fatigue is down, according to 82 per cent of the reporting companies. The accident rate is down, say 32 per cent of the firms. Twenty-one per cent note drops in labor turnover; 15 per cent see a reduction in waste; and 12 per cent a lowered absentee rate.

Union contracts calling for refreshment breaks are reported by 22 per cent of the firms, while 78 per cent say they adopted the breaks as strictly a management policy.

Flood Threat Is Eased Tuesday

Marietta, Ohio, Jan. 29. (AP)—Bitter Winter weather today eased the ponderous sweep of a three-State Ohio River flood—but 7,000 still were homeless and nine were dead.

Sub-freezing temperatures caused raging Ohio River tributaries to crest 12 hours ahead of time and two to three feet below the expected top.

This reduced the flood threat to down-river communities. The Weather Bureau at Cincinnati said it was cutting down the depths it expected the Ohio to reach at cities westward toward the Mississippi River.

Authorities said hardships from the weather were not pronounced at Marietta a few hours ahead of the 44-foot crest that is rolling down from Wheeling, W. Va., on a schedule which should bring it here by noon or before.

Marietta's 166th Infantry, Company F, Ohio National Guard, patrolled flooded downtown and residential streets to prevent looting. The Guardsmen used rowboats.

The only places in this river city where heating gas was shut off were evacuated buildings and the 100 block of Green Street.

The river stood at 43.6 feet early this morning and rose less than one-tenth of a foot an hour. Flood stage is 35 feet.

Snow flurries swirled over flood-plagued Ohio during the night and earlier today. The mercury stood well below freezing.

This caused the Scioto River to crest at Chillicothe 12 hours ahead of schedule at 26.75 feet. Rivermen had predicted 28 feet.

The Hooking River crested last night at Athens at 18.3 feet, about eight inches under the anticipated crest, and then began falling.

Scores of Ohio roads still were inundated, however. The cold weather added to general misery in the flood area.

THE SUEZ CANAL, "jugular vein of the British Empire," doesn't belong to Britain at all, but to a private British and French firm, the Suez Canal Co. But, the Suez has been controlled by Britain since the time of Victoria. The "big ditch"—in effect a toll road between the Mediterranean and the Red Sea, gateway to the Indies—was dug in 1859-69 by a great French engineer, Count Ferdinand de Lesseps. De Lesseps viewed the 104-mile, sea-level waterway as his contribution to "peace and progress." Recently, the Suez has contributed heavily to world tension, as Egypt, acting in the feverish new tradition of Moslem "nationalism," tore up the 1936 treaty under which Britain keeps troops in the Canal Zone. The British stood firm, and when ugly riots broke out, bringing threats of a "holy war," rushed heavy reinforcements to the area. Frequent bloody clashes between British forces and Arabs have occurred. Prime Minister Churchill's recent proposal that the U. S., France and Turkey send troops to the Suez was greeted by Egypt with cries of "aggression" and threats to invoke the Arab League's seven-nation defense pact. Though the British Empire has shrunk, the Suez Canal remains a vital "lifeline" for the western world. The Canal allows rapid shift of troops and supplies and, until recently, carried half of Europe's oil. Suez is the hub of the Middle East area that affords us land and air bases in one of the world's most strategic locations. Loss of the Suez Canal would be a severe blow to the west, a great victory for Russia.

Crew of Bomber Chutes To Safety Over Tokyo

Tokyo, Jan. 29. (AP)—The 13-man crew of a bomb-laden U. S. B-29 parachuted safely today just before the big bomber blew up in mid-air with a force that shook parts of Tokyo like an earthquake.

The Korea-bound bomber, abandoned when it developed trouble shortly after the takeoff, disintegrated in a giant flash witnessed by thousands of hometown bound Tokyo workers.

The wreckage fell in flames in an open area south of Tokyo. An information officer at the bomber's base said several of the

13 crewmen suffered slight injuries from jumping. The last man was reported safely nearly four hours later.

Farmer Unhappy When Well Produces Oil

Dallas, Jan. 29. (AP)—A Dallas County farmer complained today because his 75-year-old water well suddenly started producing 31-gravity crude oil.

Owner J. T. Scott, who relied on the well for drinking water for himself and his cattle, is not happy about the discovery.

Scott and E. G. Anderson, a neighbor, yesterday found a hole in the side of the blue limestone rock that forms the well's interior. Crude oil is seeping in at a depth about eight feet. There's not a pipeline or honest-to-goodness oil well within miles.

The water well had been furnishing fresh, clear water for folks in the Wheatland community for three-quarters of a century.

Anderson ran off three gallons of the crude oil today.

"It's unrefined. About all I could use it for is to oil the chicken house," he said unhappily.

A SAMPLE OF FEDERAL CONTROL OF EDUCATION

A little sample of what we might expect later on when Federal aid to education may become a national policy was provided a few days ago in the case of an Indiana public school teacher, who received a reprimand from an official in the Office of Education because of criticism of British Socialism. The official was J. Harold Goldthorpe, specialist in exchange of students and teachers. The object of his reprimand was Frank W. Hamilton, Indianapolis teacher, who was an exchange instructor to Great Britain last year.

The offending teacher was informed that his criticism of British Socialism would hamper the exchange of British and American teachers in the future. There is no evidence that Hamilton violated rules of hospitality and criticized British political economic policies during his stay in that country as an exchange instructor. His crime, in the opinion of the United States Office of Education, consisted of telling the people here in the United States some conclusions he reached based on study and observation in Britain last year.

That seems to be a crime because it was asserted that it would hamper future efforts to exchange instructors between Britain and the United States. Such a conclusion does little credit to the good sense of the British people. If there is one thing our kinsmen in the "tight little isle" pride themselves on it is this matter of allowing the utmost freedom in criticism of existing political policies, and if the Indianapolis incident ever comes to their notice they will probably greet it with amused tolerance. What a school teacher in Indiana thinks or says about British Socialism, as long as he does his talking in Indiana, will be of no concern whatever to the British educational authorities.

It is important, however, to discover that a Washington official in the Office of Education feels obliged to reprimand an American teacher for expressing an opinion on politics in Great Britain. One would have to be naive almost to the point of simple-mindedness to believe our school system would be free of this type of control if we should adopt a system of Federal support for the common schools.

POLL TAX DEADLINE IS NEAR AT HAND

The deadline on the payment of poll taxes is only a matter of hours away as this appears in print. The rush to secure the receipts, either as taxpayers or as persons exempt from the tax, has given some indication that a new record number of voters will qualify for Wilbarger County. However, even a new high would be nothing to brag about, since the number qualifying in any given year rarely reaches higher than a major fraction of the number of possible voters.

It is needless to repeat the arguments for paying poll taxes or securing exemption certificates necessary for residents of Vernon above 60 years of age and available for certain other persons. For example, the poll tax now being paid is for 1951, and if one became 21 years of age subsequent to January 1, 1951, and prior to the date of the election at which he offers to vote, he is entitled to an exemption certificate. Persons in this category are called "unders", meaning they were not subject to the poll tax the first of January of the year for which it was assessed.

There is no way of estimating just how many people in Wilbarger County reach the age of 21 between January 1, 1951, and the date of the party primaries in July. It is certain, however, that there is a considerable number. If word could be gotten to all of these and they should get an exemption certificate the list of qualified voters would be increased by a considerable number. Incidentally, this is a group of voters which the Junior Chamber of Commerce should be particularly anxious to reach.

A poll tax receipt costs \$1.75. An exemption certificate costs nothing. Don't fail to provide yourself with one or other if you are of voting age. The time is short. The deadline is January 31.

Considering the fact that so many inexperienced people marry, it's no wonder there are so many divorces.

She said that if he was her husband she'd give him poison; and he said that if she was his wife he'd take it.

Kefauver-for-President Clubs Are Set to Back Their Man

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Before Senator Estes Kefauver of Tennessee went to the White House on Jan. 15 to talk politics with the President, he got all kinds of advice on what he ought to say and what he ought to do.

The way it worked out, Senator Kefauver needed none of this advice. President Truman took charge of the conversation. Everything was as pleasant as apple pie and ice cream.

If Senator Kefauver wanted to run for the nomination, it was all right with the President. It was a good thing to have the younger men in the party step forward and assume leadership.

The full story of the Truman-Kefauver talk has not yet come out. Senator Kefauver's position is that if there are any disclosures, they ought to come from the White House—not from him.

As a result of the conversation, however, two shrewd political deductions can be made with assurance:

One. Harry Truman still hasn't made up his mind, fully and finally, on what he's going to do about running for re-election himself. He gave no hint of it to Senator Kefauver.

Two. At the convention, it may be found that President Truman is definitely in the Estes Kefauver corner.

A LOT will depend on how good a showing Kefauver will make in the primaries. If he shows strength in these trial heats, he will be a good man for the Democrats to put their money on for the big race. President Truman gave no indication of what place on the ticket he might back Kefauver for—first or second.

But if President Truman should decide to run for re-election himself, Senator Kefauver has indicated he will support the President.

And in this situation, the strongest contender for the first place would naturally be first choice for second place.

Senator Kefauver would be a chump if he didn't take it. He would be the natural heir for the Democratic nomination in 1956, if not before.

The senator is still a political anomaly—a whatzit. He professes to have no political organization. As he puts it, his backers are all amateurs.

Today there are these spontaneous Kefauver-for-President clubs organized in every one of Tennessee's 95 counties and in every one of the 48 states. Kefauver's name is being entered in California, Oregon, Ohio and other primaries.

WHEN some of his advisers tried to persuade the Senator not to enter the Ohio primary, Kefauver overruled them. If Ohio was an impossible state for him to win, that was the race he wanted to be in. He likes to do the impossible. It was impossible for him to be elected senator in Tennessee in 1948, against Crump machine opposition. But he did it. It was impossible for him to expose the big gangsters in his Senate crime investigation. But he did it.

Last June Senator Kefauver said in a radio interview that he was not interested in the presidency and not doing anything about it.

On November 16 he told a Nashville television audience he was "not running for the presidency and not running for the opportunity of running."

But the Kefauver-for-President movement had really been started in Nashville on Nov. 16 when a group of Tennessee editors and businessmen met secretly with state political leaders. On Monday, Nov. 19, they announced they were tossing the senator's coon-skin cap into the presidential ring for him.

On Nov. 29, in Los Angeles, Kefauver said, "I am not evading the opportunity of running for President." That was when he authorized entering his name in California primaries.

Dr. Logan's Wife

By Diana Gaines

Copyright 1951 by Diana Gaines. Used by arrangement with the publisher, Random House, Inc. Distributed by NEA Service, Inc.

THE STORY: In an effort to out young Peter Surinoff from Angel's hospital where he is engaged in research in atomic medicine, Maxwell Cota has insinuated that Jennet Logan, wife of Dr. Gus Logan, one of the staff, has been unfaithful. A certified check for \$1200 endorsed by Jennet was found in Peter's room by Cota. Actually, while Jennet is attracted to Peter, younger than her aging husband, she has been a faithful wife. She had sold an old piece of jewelry and given the money to Peter as a goodby gift, realizing that she could see him no longer and not sensibly. The money was to be used in slush clearance, a project Peter is interested in. Cota, a landlord of the slums, had been trying to oust Peter from the staff on the ground that Peter had Communist leanings because Peter had objected at the time he signed the loyalty oath. Cota's insinuation about Jennet at a meeting of the hospital board, shook Dr. Logan who has weak heart.

XXIV
THROUGH the black wash of silence broken by the sparkle of passing street lamps and the swish of passing cars, Walter Pelletier piloted the car as though it were a leaking ship on a rough sea, shifting and braking and steering with care and penance. Gus Logan, beside him, was still, closed up and still with the pent stilled of a mortally wounded animal who knows there is more battle to come. Pelletier was suffering for the man's suffering.

But one cannot on a sudden empty the mind. Over and over again, his dull mind sorted the blocks of image and speech and tone and circumstance that had built the evening's catastrophe. If only it were just the catastrophe of an evening and not of a life, and if only it were only one life and not two, not three. Why did meanings and implications have to linger after the death of the spoken word to infect the listener with death? Over and over again Pel-

letier found himself pulled back into the bloodletting of the last irrevocable hour, trying by empirical insistence—"This I saw," "This I heard," to understand or at least to believe the blow that had fallen on Gus Logan's head. Not the swift terrible blow of an act of God from which one reels and then, in convalescence, touches with wonder and religion, but the poisoned swipe of man against man from which there is no recovery nor even the will to recover.

Pelletier made the turn on Whiteoaks with great care, swinging wide from the boulevard. He slowed without a jerk to the Logan curb.

Gus turned to him. "Thanks, Walt. You've been very kind. I'm all right now. I won't ask you in. You understand. I want to see Jennet."

Pelletier nodded dumbly. He reached across Gus and pulled down the door lever. "Call me at home if you need me, Gus."

"I will. But I'm all right."

Pelletier watched his friend walk to the house with the round-shouldered, self-protective shuffle of the cardiac. He saw him let himself in with his key, watched the lights snap on in three different windows like eyes opening. And then because he was too dull to know what else to do, he drove home. He had said he would be at home.

Who could have foreseen that neither he nor Gus would be present at the voting so that Cota and his stooges would win?

JENNET, who had seen Pelletier's car drive up, heard the front door open and close, called "Gus?" out of habit, and bounced down the stairs. Her hair was down and she liked to feel it fly up from her neck with each step, so she bounced harder and higher the

way a china does. She held her left hand, on which the painted nails were not quite dry, high and spread. The taffeta skirt of her housecoat made rich balletic noises. "Hi, darling. Home early!" she called, trying to sound glad, as if she had not painted Peter's face on every glossed fingertip.

Gus stood, waiting for her, in the middle of the room. She ran to him, her arms up. He pushed her away and she started at his strange stern expression. "Why, Gus! What's the matter?"

Into the moment of silence between them, Gus dropped his question. "Did you or did you not give a \$1200 check to Peter Surinoff?"

The indignation melted and ran down her face. "Yes, I did," she said. "But I can explain, Gus. It's a long story. I didn't..."

"For what other reason does a woman who is not rich give a man such a sum of money—secretly, so that her husband will not know?"

"I can hear perfectly well standing up."

"But it's not good for you—this anger—please."

"Your concern for my welfare is a little late."

She walked over to him then. "Oh, Gus, stop it. You sound like the father in a Victorian novel. Look, I really haven't done anything wrong. I haven't been unfaithful to you. I swear it. Please let me tell you..."

He pushed her hand off his arm. "You mean he really is a Communist—and so are you?"

Jennet stamped her foot. Her voice crescendoed. "Stop it, I say I won't sit down and listen to me like a civilized human being. I won't say another word. Not another word, do you hear?"

She flounced out of the room in jeering taffeta and started up the stairs.

Deadline Set on Airline Briefs

Washington, Jan. 29. (AP)—Attorneys for four airlines wanting routes in Arkansas, Texas, Oklahoma and Kansas have until Feb. 27 to file briefs on the lines' certificate applications.

Testimony on the applications was ended yesterday before the Civil Aeronautics Board.

Central Airlines, Inc., wants a five-year renewal of its license to operate between Fort Worth-Dallas and Wichita, Kas., by way of several towns in Texas, Oklahoma and Kansas.

Central also wants its operations extended from Texarkana to Memphis, Tenn., via Hot Springs, Pine Bluff, Little Rock and other Arkansas cities and from Pine Bluff, Ark., to Shreveport, La.

Pioneer and Trans-Texas airlines seek to operate about the same Arkansas routes asked by Central. Continental Airlines, Inc., asked permanent certification to serve Lawton, Okla.

Pioneer, Continental and Trans-Texas all asked operations generally over Central's present system in the event Central's authority is not renewed.

Houston, Jan. 29. (AP)—A bloody trick, that's what it is. Listing Houston with those "disagreeable hell holes" like Jibuti, Madagascar and Borneo.

What's the British foreign office trying to do? Start an argument? Well, Jove, old chap, she has!

"I say," said J. Thine Henderson, British consul here, "that doesn't mean quite that. This is a very pleasant place to live."

Piffle. There it is, right on the office's list of "unhealthy" places its foreign office must serve. Jibuti, Madagascar, Borneo, St. Louis, New Orleans—and Houston.

By gad! giving fellows time and a half toward pension for serving in Houston. And serving only 18 months instead of the normal three years.

Look Magazine revealed the new list. And when it asked a foreign office official what was so horrible about the three American cities, he said he didn't know. Never been to any of them.

"But they've always been on the list," he explained.

Now, see here, old boy. That isn't cricket putting Houston on that list. Not Houston, "America's industrial frontier" (Chamber of Commerce slogan).

"That's not quite right," said Henderson. "Every consul who has served here stayed more than two years. Been here three years myself. Think it's very pleasant, a little hot in the summer, but I

COON OVER NASHVILLE—Flying proudly from atop the dome of the Tennessee state capitol building in Nashville is a giant replica of the coonskin campaign cap worn by the state's Democratic presidential nominee, Sen. Veteran in Battle With City of Dallas

Dallas, Jan. 29. (AP)—A veteran who lost both legs when a Japanese mortar shell struck him on Bougainville is in another battle—this one with the City of Dallas.

Dallas wants to collect \$64.30 for personal property taxes for the last four years on the automobile of Roscoe H. Collier.

But Collier, answering a suit filed by the City, claimed his car—like false teeth—is an artificial part of his person.

He said he auto is a "prosthetic appliance" and his only mode of transportation or mobility, as recognized in Public Law 6633, passed by the 79th Congress.

Congress in that law, Collier said, authorized a special grant to give automobiles to him and others similarly wounded.

Texas May Have Greatest Voting Strength in History

(By The Associated Press)

A mounting tide of poll tax payments today pushed Texas toward its greatest voting strength in history.

The national election, mounting interest in state races, a desire for better government, doorbell ringing by civic groups...all contributed to the rush to the tax collector.

Texans have until midnight, Jan. 31, to pay their poll taxes or claim exemption certificates. Exemptions are given those persons who have just reached 21 years of age and are voting for the first time and for those 60 years of age and over.

With more than 1,700,000 poll tax payments in 1948, the last presidential election year, Texas' voting strength dropped sharply to 1,552,945 in 1950 payments. The payments made now are for 1951, but allow you to vote during 1952.

Here's how the poll tax payments are running:

Denton County—Payments through Monday totaled 8,560 against only 7,499 at the same date in 1948.

Brazos County—Payments through Monday totaled 6,966 compared with 5,227 finally paid in 1948.

Grayson County—The total reached 10,405 Monday, more than last year's total payment, but far behind the 17,099 paid in 1948.

Orange County—Already about 2,000 ahead of the same date in 1948.

Ector County—All previous records broken with 11,194 paid Monday compared to 9,600 in 1948.

Howard County—Payments about 2,000 ahead of 1948.

Midland County—New record already set with total for year estimated at more than 10,000.

Lubbock County Estimated 18,000 poll tax receipts issued with 1948 payments doubled and a prediction by tax officials that about 27,000 would be the final 1952 total.

Potter County—Headed for new record with 22,000 poll tax receipts issued along with 4,100 exemptions. A new record of 30,000 predicted.

Travis County—Payments through Saturday were 19,803 a little more than the 1948 total.

Wichita County—Estimated 12,300 paid compared with 10,200 in 1948.

Tom Green County—Payments totaled 10,800 and exemptions 2,735, with a new record of between 13,000 and 14,000 predicted.

Tarrant County—Some 53,090 had been issued Monday compared to about 30,000 issued on the same date in 1948.

HIT BY HURRICANE

Suva, Fiji, Jan. 29. (AP)—A terrific hurricane, with winds of 150 miles an hour, completely devastated Suva yesterday, killing at least 12 persons and injuring several hundred. The three-hour storm smashed even concrete buildings. Huge waves wrecked the harbor installations in this capital of the British-held Fiji Islands. Hundreds of houses were destroyed.

ADDITION TO THE FAMILY—An infant Indian antelope tries its wobbly legs for the first time, under the protection of its mother. Born just 29 days before the year's end, the graceful little animal is number one on the list of visitors who go to Vincennes Zoo in Paris to see the collection.

Hearing Starts On Rate Hike

Washington, Jan. 29. (AP)—Heated exchanges between Transcontinental Gas Pipe Line Corporation's attorney and Federal Power Commission officials marked start of a hearing on proposed rate increases yesterday.

Proposed are a new rate schedule for natural gas sold on an emergency basis by Transcontinental and exchanged with other suppliers and an average increase in the firm's wholesale rates amounting to about 26 per cent.

Transcontinental serves about 50 wholesale customers in Louisiana, North and South Carolina, Georgia, Alabama, Virginia, New York and New Jersey.

Examiner Francis L. Hall of the Power Commission said he interpreted the Commission's order combining the proposals to mean the emergency and exchange rates should be considered first.

But James B. Henderson, Houston, Texas, counsel for Transcontinental, moved that Hall's ruling to hear the wholesale rates last be argued before the whole Commission. No immediate indication was given as to when action on the motion would be taken.
